

Chairman's Report 8-20-2026

Overview

- I had the chance to sit down with Mike Bourne and discuss the budget and future of the BRDWID
 - We visited all 4 well sites which are in good working order however some weeding is needed at each site.
 - All 4 storage tanks were recently inspected, and they are all in good shape.
 - Recent water quality report indicated we have excellent water
 - Out of 1603 properties in the district, 819 have metered connections.
 - We continue to meet our monthly and yearly financial obligations, and we are fiscally strong.

BRDWID Goals for Upcoming Months

- ✓ Infrastructure Committee:
 - The Infrastructure Committee is currently leading the following project:
 - A-Quality Water is making the repairs identified in the valve and fire hydrant survey project.
 - Pumphouse building repairs.
 - Future meeting is needed to discuss funding generator for Ranchette's well site.

Reminders

- Please call AUBS at 928-445-0551 for any billing or account issues or for new meter installs.
- Please call Jim Bossert at 928-606-7512 for any outages or significant leaks that require immediate attention.
- Please call Mike Bourne at 480-688-9075 or email him at mike.bourne@brdwid.org for any other District related items.
